

New Affordable Customized Tuition Program

At MJDS, we are committed to providing personalized, focused education that meets the needs of each student and family. We also believe we have a social obligation to bring this same commitment to the affordability of an MJDS education to ensure that every family who chooses MJDS is able to attend. With donor and community support and commitment, we're launching a new MJDS Affordable Customized Tuition Program beginning with the 2018-2019 school year.

What Will be Different with the Affordable Customized Tuition Program?

The program is intended to meet every family where they're at and make it affordable for *all* families to attain an MJDS education. We've made modifications to:

- Simplify the application process for many families
- Significantly increase the modified household income levels that qualify
- Provide additional adjustments to tuition to take into consideration each family's unique circumstances (such as child care, camp, college tuition, etc.)
- Set tuition for siblings as a consistent declining percentage of tuition for the first child

How Does it Work?

There are three tuition processes:

- 1** As in the past, MJDS families whose modified household incomes are below approximately \$240K* will complete a Grant Application Form.
- 2** Families whose modified household incomes exceed approximately \$240K* can complete a one-page questionnaire and submit the first two pages of their Form 1040.
- 3** Families who do not qualify for either of the above will be charged full tuition.

**Modified household income levels are based on each family's unique financial circumstances.*
